

Model	3BD-350
Overall size	2010*1160*1240 mm
Net weight	600 KG
Electric motor	DC-24V/1500W*2EA (3000W)
Battery	Lead acid battery DC-6V/200AH (4 series connection)
Applicable voltage charger	12/24V
Max transporter weight	350 KG
Max lift weight	240 KG
Operation way	Manual control / pedal control / remote control
Rubber perdrail size	180*60*45
Lift type	Hydraulic lift
Max speed	2.6 km/h
Charge time	8-10 h
Work time	Full load working time 3h
Work platform max height	1250 mm
Optional accessories	Electric scissors, electronic scale, spraying system

Product advantage:

Battery system: Long range energy saving battery.

Pedrail: 830 mm ground length, have good passing performance in different work environment.

Operation way: Manual control / pedal control / remote control, it's very Simple, convenient and intelligent.

Steering mode: free lifting, tipping, 360 degree in-situ turning.

Multifunctional accessories: fruit picking, electric pruning, bagging, spraying system, transportation, etc.

Drive motor and hydraulic system: imported European high standard drive hydraulic electrical unit, guarantee of service life and quality.

Battery power: Zero emission, no noise, no vibration of the machine. It has a very good protective effect on peach and other fruits.
